

RAHUL SHARMA

Computer Science Engineering Student | Aspiring Software Developer

+91 XXXXX XXXXX | rahul.sharma@email.com | Asansol, West Bengal

CAREER OBJECTIVE

Motivated Computer Science Engineering student with a strong foundation in **Python, SQL and software development**, seeking an entry-level Software Developer opportunity where I can apply my technical knowledge, problem-solving abilities and project experience while continuously learning and contributing to the organisation's growth.

EDUCATION

Bachelor of Technology - Computer Science Engineering

Asansol Engineering College | CGPA: **7.8/10** | Expected Graduation: **2027**

TECHNICAL SKILLS

Programming: Python, SQL

Database: MySQL

Tools: Git, GitHub

Core Areas: Object-Oriented Programming, Database Management

Soft Skills: Teamwork, Leadership, Problem Solving

PROJECTS

Smart Attendance Management System | Python, OpenCV, MySQL

- Developed a smart attendance system to automate attendance recording.
- Used Python and OpenCV for image-based identification.
- Integrated MySQL for maintaining attendance records.
- Collaborated with team members to develop and test the system.

Student Performance Analysis | Python, Pandas, Excel

- Analysed student performance data to identify academic trends.
- Used Python and data-handling techniques to organise and interpret information.
- Presented findings through simple visual reports.

INTERNSHIP

Software Development Intern - ABC Technologies Pvt. Ltd. | 2 Months

- Assisted the development team with basic software development tasks.
- Worked with Python and SQL on assigned tasks.
- Participated in testing and debugging activities.
- Gained exposure to professional software development practices and team collaboration.

ACHIEVEMENTS & ACTIVITIES

- Participated in an inter-college Hackathon.
- Served as Class Representative.
- Participated in technical workshops and college events.
- Collaborated with team members on academic projects.

CERTIFICATIONS

- Python Programming - _____
- SQL / Database Fundamentals - _____
- _____

LEADERSHIP & RESPONSIBILITY

Class Representative - Asansol Engineering College

- Coordinated communication between students and faculty.
- Assisted in organising class-related activities.
- Represented student concerns and supported coordination within the class.

SWOT CONNECTION - FOR CLASSROOM DISCUSSION

Strengths showcased: Python, SQL, projects, internship, teamwork, leadership.

Weaknesses not placed on the resume: Interview nervousness, limited AI knowledge.

Opportunities to pursue: AI certification, advanced projects, more hackathons, additional internships.

Threat: Competition from candidates with stronger technical portfolios.

Action: Build stronger projects, improve communication and develop AI-related skills before placement.

30-SECOND INTERVIEW INTRODUCTION

"I am Rahul Sharma, a Computer Science Engineering student at Asansol Engineering College with a CGPA of 7.8. I have a strong interest in software development and have worked on projects using Python, SQL and OpenCV. I have also completed a software development internship and participated in a hackathon. I am now looking for an opportunity where I can apply my technical skills, learn from industry professionals and contribute as a software developer."
